PROFESSIONAL SUMMARY

Results-driven Information Technology graduate from Murang'a University of Technology, combining strong academic foundations with practical industry experience in networking, surveillance systems, cybersecurity, and full-stack software development. Demonstrated ability to deliver reliable IT solutions through an internship at a leading Hikvision branch and through independently developed full-stack applications. Eager to contribute technical expertise and a strong work ethic to a dynamic IT team as a graduate professional or intern.

EDUCATION

Bachelor of Science in Information Technology

2022 – 2026

Murang'a University of Technology, Murang'a, Kenya

- Studied networking, systems administration, cybersecurity, database management, and software development
- Completed structured industrial attachment as a core degree requirement
- Participated in university technology communities, collaborative projects, and peer mentorship

WORK EXPERIENCE

IT Attachment Intern

May – August 2025

Emoji Technologies Africa (Hikvision Authorized Branch) — Nairobi, Kenya

- Installed, configured, and maintained Hikvision CCTV surveillance systems across commercial and residential client sites
- Set up and integrated IP cameras with PoE switches, NVRs, and DVRs as part of complete network surveillance solutions
- Diagnosed and resolved hardware and software faults, reducing client downtime through efficient technical support
- Assisted in client site surveys and contributed to system design recommendations alongside senior engineers
- Maintained detailed documentation of technical procedures, equipment inventories, and maintenance records
- Collaborated cross-functionally to ensure timely and quality delivery of IT installation projects

PROJECTS

Personal Portfolio Website

havertz69.github.io/bio

HTML · CSS · JavaScript · GitHub Pages

- Designed and deployed a personal portfolio showcasing projects, technical skills, and professional background
- Maintained clean, responsive design with version-controlled source code hosted on GitHub Pages

Property Pulse — Rental Units Management System

Full-Stack Project

React · Material UI · Django · Python · REST API

- Developed a full-stack property management system covering tenant management, rent tracking, and unit availability monitoring
- Built a responsive React + Material UI frontend integrated with a Django REST API for authentication and data management

Pharmaceutical Management Information System

Collaborative Project

React · TypeScript · Material UI · Django · Python

- Collaborated to build a full-stack MIS for pharmacy operations including stock management, sales tracking, and prescriptions
- Developed type-safe, reusable React/TypeScript UI components integrated seamlessly with a Django REST backend
- Applied Git-based collaborative workflows including branching strategies, version control, and peer code review

TECHNICAL SKILLS

Networking	TCP/IP, LAN/WAN, PoE, IP Configuration, Network Troubleshooting
Surveillance	Hikvision CCTV Systems, NVR/DVR Setup, iVMS-4200, IP Camera Integration
OS & Systems	Windows Server, Linux, Active Directory, Remote Desktop
Development	React, TypeScript, Django, Python, REST APIs
Tools & DevOps	Git, GitHub, VS Code, Cisco Packet Tracer
IT Support	Help Desk Operations, Hardware Troubleshooting, Client Support

CERTIFICATIONS

IBM Cybersecurity Analyst Professional Certificate	IBM / Coursera
Cisco Networking Essentials	Cisco Networking Academy
Cisco Cybersecurity Essentials	Cisco Networking Academy
Industrial Attachment Certificate	Emoji Technologies Africa, 2025

LANGUAGES & SOFT SKILLS

Languages	Soft Skills
English — Fluent	Problem Solving · Attention to Detail · Communication
Swahili — Native	Teamwork · Time Management · Adaptability
